The health of this community is good at present.

Last week W. P. Foley had the pleasure of carrying a load of men to the Gulf. With him were: W. A. Foley, Wingford, Bill, Charles, J. M. Dawkins, William Twilley, Leo Pair, E. T. Ellard. The writer went as far as Lockhart to visit J. C. Boland. There is no use to say they had a fine time for every one that has that opportunity gets double pay for their trouble. Now the trip from home by the way of Opp to Florida was fine. Just to go off puts new life in any one, and to look at the good farming along the way and to travel over the new highway and to study nature, that fine forest of timber that nature so nicely planted, it makes one think what has not God wrought?

Sunday morning I had the pleasure of visiting Mr. M. C. Mays and meeting the two Mr. Tylers of Birmingham, who are visiting their sister. It is a real treat to be with those good people. It is a life and grand and noble thoughts.

Mr. S. T. Tucker and family of Bradshaw are visiting Mr. E. S. Tucker.

Mr. J. T. Tucker, of Venus, Fla., is visiting his parents, Mr. and Mrs. E. S. Tucker.

Mrs. J. O. Shealey and children, of Brundidge, have been visiting here the past week. Every one was glad to have them with us again.

Miss Ruth Wallace will leave here Saturday for her home at Opelika. Mrs. H. I. Boland will go with her to Columbus, Ga., and from there to Atlanta to visit her mother, Mrs. A. Y. Skinner.

Mrs. T. M. Smith has just returned from Banks where she has been visiting her sister, Mrs. John Cravley.

We are glad to say Mr. Allen of Clay county opened his singing school at Liberty this morning, with about sixty pupils.

The Sunday School is doing fine. There was a fine turnout at the prayer meeting Saturday night. The young people did good singing. Every one enjoyed it very much.

Sunday afternoon Professor Kersh preached for us. There was a large crowd present, and the sermon was real interesting and full of thought. Brother Kersh will be with us every third Sunday afternoon. Come and hear him.

Will say that the hot sunshine last week has hurt the cotton crop. It caused much shedding, but we have had good rain, so think we will get a fair yield. It is beginning to open so you see, we will all soon be busy.

Good luck to all.

H. I. Boland.

4 YEAR OLD CHILD MEETS DEATH BY DROWNING

Clayton Record says: News was received in Clayton Wednesday afternoon telling of the accidental death of Evelyn, the little four year old daughter of Mr. and Mrs. Gus Arrington of route three, who met her death by drowning.

The older children of Mr. and Mrs. Arrington built a small pool near their home, which was kept filled by springs nearby. The family washing was done at these springs. Wednesday afternoon, Mrs. Arrington, with Evelyn and two of her sisters, were at the spring doing some washing. The other children were called from their play to help the mother about some of her work, and within a few minutes, the prattling voice of the little girl was missed and a search begun. Unexpectedly, one of the children looked into the pool and saw the body of Evelyn laying on the bottom, clothed in death with a sweet smile on her face.

POULTRY DEMONSTRATIONS HAVE GOOD ATTENDANCE; OTHER MEETINGS NOW ON COFFEE SHOULD HAVE TWO GOOD FAIRS

Mr. L. H. Pearson, Poultry Specialist from Auburn, and Manager of the 2000 hen experimental farm at Auburn, said that in no county in Alabama had he seen such interest manifested in poultry as in Coffee during his two day visit to the various communities held last week. He was indeed grateful to those who saw fit to work in his behalf for re-election.

And to those who did not support me, I wish to say that I hold no ill will toward you, and I trust that I may have your cooperation in making the coming administration one of the best in the history of the town.

During the campaign there was quite a bit of talk about the present officials paying the streets of the town. This talk was merely put out to influence some in the election and was without foundation, as no such action is now anticipated. It will be the aim of the administration to manage the affairs of the town in a progressive and profitable way, but at the same time to impose as little burden on the people as possible.

To the end that we may have a good, clean, town and that we may have an administration that will be a credit, we ask the cooperation of every man and woman in the town.

Respectfully,
E. F. Blocker.

Mr. Blocker Issues Card to Elba Voters

To The People of Elba:— I wish to thank the people of Elba for the splendid vote given me in the primary election held last week. I am indeed grateful to those who saw fit to work in my behalf for re-election.

Bank at Kinston Has Made Fine Showing

The Farmers & Merchants Bank of Kinston has a statement in this paper which is very gratifying to its stockholders. The statement is published just before crops begin to move and shows the condition of the bank at the particular time when they are the hardest run.

The statement shows that the bank has enough cash on hand to pay every dollar of their bills payable and have sufficient funds left to operate on. We know of few other banks with such showing. They only owe one half the amount of the capital stock, when as a rule at this time of the year, all small banks owe all they can borrow. This seems to be one bank that owes but little, yet they have a large sum of cash on hand when most banks are put to the limit.

This is the smallest bank in the county, but we predict that with such management and success as it is now having, that the time is near when it will be one of the strongest in this section. We are always glad to see our home banks doing well.

BARBECUE SATURDAY AT RUSS HOME—

The plantation home of Mr. and Mrs. L. P. Russ, of New Brockton, was the scene of a very happy occasion on Saturday when they, together with Mr. and Mrs. M. C. Russ, of Elba, entertained at an old fashioned Southern Barbecue, honoring the eightieth birthday of their mother.

To the rear of the house in a shady spot the table was built that held the many good things to eat. At the rear hour barbecue and all the accessories that go towards making good things better were served to about two hundred guests from New Brockton, Enterprise and Elba. After every one had eaten most heartily, Mr. W. W. Sanders on behalf of all the guests, thanked those generous hosts for their splendid hospitality and wished for the honoree many more such happy occasions.

PEANUT GROWERS.

Don't pick your peanuts on a machine that splits, cracks, and leaves them full of trash, hay, stems and pops. If you do you cannot sell them for seed or shelling purposes. Put your peanuts in first class commercial condition. In order to secure best prices pick them on a LILLISTON Peanut Picker. It thoroughly cleans the nuts and don't crack or burst them all to pieces. Ask your local peanut buyer or your neighbor who uses a Lilliston Picker about them. They last longer and repair bills are less.

Lilliston Peanut Pickers, Gas or Kerosene Engines, hay balers and repairs are sold in South-east Alabama by: Goff Mercantile Co., Enterprise; Malone-Harrison Motor Co., Dothan; C. D. Now Is The Time To Start Dairying.

Everybody should begin to think about milking a few cows thru the winter and shipping the cream. The feed we will have this fall and winter and the higher prices paid for this product in the winter will insure every farmer a good profit thru the months that ordinary are considered non-profit making months on the farm. We have already placed three fine bulls in the county and Auburn has two more for sale that are worth the money. We also need a few good cows brought in. I believe that the banks of the county will assist any farmer in getting started dairying if he is convinced that you mean business and will stick.

Mr. Dorsey Injured In Accident At Saw Mill

Mr. C. E. Dorsey's many friends regreted to learn that he was most painfully injured in an accident on last Friday while working with a log skidder. The accident occurred near Clintonville at the Holman saw mill.

Mr. Dorsey was working with a tractor and skidder, when the grabs tore loose from a log and swung back and struck him on the leg just below the thigh. At first it was thought that he was seriously injured, but after examination it was found that no bones were broken. However his limb was badly bruised and he has been confined since the accident. Late reports from him are that he will soon be out again, and his many friends will be glad to know that the accident was not of a more serious nature.

MR. SYMONDS' BROTHER IS GOLF CHAMPION.

Mr. A. H. Symonds last week received a newspaper from England which carried a picture of his brother, Mr. A. H. Symonds who recently won the golf championship of Wales, and the following clipping accompanied the picture:

“Mr. A. H. Symonds won the championship of the Radyr Club for the seventh time on Saturday, when he beat Mr. Ivor North Lewis, after a splendid struggle, at the 37th hole. Symonds is champion of the club, and the hole that won the championship was the first hole that put him up on his opponent during all the stubbornly-contested fight.”

The Radyr Club is the champion club of Wales, having defeated all other clubs, and Mr. Symonds is champion of the champions. Mr. Fred Symonds on his recent visit to his old home had the pleasure of seeing his brother play on several occasions, and since his visit his brother has won the championship.

ELBA'S FIRST BALE OF NEW COTTON BRINGS RECORD PRICE OF 43c

The first bale of new cotton to reach Elba was sold on the square Monday afternoon and brought 43 cents per pound, the highest price paid for the first bale here in many years, and so far as we have been able to learn the highest paid for the first bale at any town in this section of the state.

The bale came from the farm of Mr. Jake Pearce, who lives just a short distance from town, and weighed 301 pounds. It was ginned at the Taylor gin in West Elba and weighed at the Taylor Warehouse. Mr. J. W. Talley auctioned the bale and the bidding was spirited for a few minutes. The bale was bought by Mr. H. C. Johnson, of the First National Bank. The first bale of 1923 cotton was sold at Elba on August 22. It was brought in by a Mr. King. Gained Ten Pounds

Mrs. George S. Hunter, of Columbus, Ga., says she suffered severely with female trouble. "I had to go to bed and stay sometimes two weeks at a time," says Mrs. Hunter. "I could not work, my ... were irregular and I got very thin. I went from 120 pounds down to less than 100. My mother had been a user of

CARDUI

and she knew what a good medicine it was for this trouble, so she told me to get some and take it. I went to the store after it and before I began to improve. My size hurt less and I began to mend in health. I took four bottles in all during the last winter. Each bottle acted as a tonic. I am well now. I have gained ten pounds and am all right. My diet is good and I feel like a new woman. I know that Cardui will help others suffering from the same trouble. Take Cardui. B-101

TORNADO KILLS NINE, FIVE OTHERS INJURED

One Vine Produced 350 Pounds of Watermelons

Florida News says:

Mr. J. W. McLendon of the Chapel Hill community told us one day this week of what one little boy did in his community. The little boy is Cecil Sasser, the little adopted son of Mr. V. L. Williams of the Chapel Hill community. Cecil is 11 years old.

Last spring when Mr. Williams was planting his melon patch, Cecil planted a few hills for himself. He wanted some melons to call his own. From one vine of these melons, which was one of the "World's Wonder" variety, Cecil has gathered 10 melons averaging 35 pounds each, or 350 pounds for the melons, and there are still on the vine five more smaller melons that will average about 15 pounds each. These five melons will make over 400 pounds from the one vine which we believe leads anything we have heard of in the way of watermelons.

Ask Your Dealer to Show You the New Improved Remington Pump Gun

THE Remington Model 10 Pump Gun your dealer is showing now contains so many improvements over the original model produced in 1908 that the Remington Pump Gun of 1924 might almost be called an entirely new model.

Everybody remembers when Remington brought out the Remington Pump Gun—Model 10—the first solid breech, hammerless, repeating shotgun. This gun was an outstanding achievement.

But there has been a lot of new mechanical and gun-making knowledge accumulated since then. Remington has been improving this Model 10 right along.

And now with refinements and betterments you have a gun that is almost as far in advance of the old Remington Pump Gun as that gun was ahead of anything that was ever produced before.

See the New Improved Model 10. Note its balance and lines—its fine pointing quality—the quickness of hammer action that its design gives. Try it in the field. You will quickly see how far Remington has gone with the development of the Pump Gun.

If you are thinking about a new Rifle for big game—

See the Remington Model 14 Slide Action—the only fore-arm operated high-power rifle made. Gives six shots without reloading. Chambered for .25 Rem., .30 Rem., .32 Rem., and .35 Rem. Cartridges. A Remington Rifle with all the Remington quality and precision—and the Remington knowledge of what a fine arm ought to be.

WHITE MAN JAILED ON SERIOUS CHARGE

Ozark Star says:

A white man, by the name of Bane, was placed in the county jail one day last week on a very serious charge and if guilty should be given the full penalty of the law. Bane lives below the river in Beat 6 and is charged with beating his ten months old baby unmercifully, inflicting upon the mother a reported to the officers the baby was nearly dead, having been whipped and cuffed about by the father. No punishment can be to severe for such conduct. Infact if the charges are true the sooner a community rids itself of such cattle the better off it will be, and if method is used to get rid of such people. The child we understand has been placed in the hands of the child welfare department and will be properly cared for.

County One-Mill Tax To Be Voted On Soon

The attention of all the friends of education is called to the one-mill school tax election to be held in Coffee County September. This tax has been in effect in this county for many years but the time for which it was voted having expired, it must be passed again. We repeat, this is no new tax but a continuance of a tax that has been in force many years. This is one of our most important school taxes, for which the people of the county pay only about \$8000 under the State matches this with an additional \$8000, making \$16000 in all. Should the tax fail to carry, our schools would lose the whole \$16,000, which is nearly 20 percent of the school revenue of the county. A course that would cut the school term a full month making the term only five months instead of the six month term at present.

New Course of Study Is Outlined; Few Changes

As a large number of the school books has been changed we give a list of the books used in the first six grades, noting by each which books are new and which were not changed. In every instance educators over the state agree that the change was an improvement over the other book used. Of course, the buying of so many new books will mean quite an expense to some patrons, but we have gone eleven years without any material change in books and many of the books were as out-of-date as a 1914 Ford, for ideas in teaching have progressed wonderfully during the past decade both as to method and subject matter.

Small Fire Tuesday At Speer-Harris Mill

The fire alarm was given Tuesday morning about 11:30 when flames were discovered at the planer mill of the Speer-Harris Lumber Company. The shaving house at the boiler, together with the frame work around the large steel tank, were damaged considerably before the flames were put out. On account of the distance of the plant from a fire plug, considerable difficulty was experienced in reaching the fire with the hose. The damage was not very heavy.

WEATHERFORD-LOE—

A marriage that will come as a surprise to their many friends was that of Miss Naomi Loe, daughter of Mrs. F. A. Loe, of this city, and Frank Weatherford, of Chattanooga. The ceremony was performed at the Perry Street Methodist church, on Saturday morning, Rev. R. J. Mills, pastor of the church, officiating, in the presence of the immediate families of the bride and groom, and a few of their intimate friends.

Miss Loe is a popular member of the younger set, and for the past three years has been a student at Alabama College at Montevallo, where she specialized in music.

Immediately after the ceremony, Mr. and Mrs. Weatherford left for a trip through Georgia, Tennessee and other points. While in Tennessee, they were the guests of Mr. Weatherford's parents. They will return from their wedding trip in three weeks, when she will be welcomed by her friends in this city, with a series of parties. An elaborate reception will be given for her by her mother, at her home at 59 Mobile street, upon her return.

After a short visit here, Mr. and Mrs. Weatherford will go to Elba, where they will make their home.

The above announcement which appeared in last Sunday's Advertiser will be read with interest by Elba people. Mr. Weatherford has made Elba his home for the past several months, being a valued employee of the A. C. L. Railroad. During his stay he has made many friends who will be interested in the announcement of his marriage.

Where no notation is made as to "new" or "no change" we were not certain whether the book is the exact book or not. In all changes, your old book has an exchange value ranging from 1c to 20c. For instance take your last year's 6th grade Grammar when buying your new 6th grade grammar and exchange paying 40c instead of 49 cents.

The course of study for Junior High School will be given next week.

A Scholarship Fund For Elba Schools

Notice has been given that the compulsory attendance law will be enforced this year. This means that every child of school age, from 1st thru 6th must attend for the compulsory period.

Now there are several children in the Elba district whose parents CANNOT pay the school tuition fee this year; nor can the school afford to make their tuition free, for since the County Board cut appropriation over \$900.00, we must raise nearly \$5000.00 above the State and County appropriation to meet the bare school necessities.

Here's the proposition: Are there 10 good hearted men and women in Elba who will buy from one to five Scholarship Tickets in grammar grades for children whose parents absolutely CANNOT pay their tuition?

Mr. John Amnor has already joined this movement and says we can count on him for at least one.

COME ON, let's see that these poor boys and girls have an equal chance!

Just drop me a line saying: "I want to stand good for one, (or any number desired) Scholarships."
